Profile

Frontend Engineer with expertise in **building interactive, scalable applications** using **React, TypeScript, Next.js, and Vue.js**. Experienced in **leading teams, evolving design systems, and architecting robust UI solutions**. Skilled at balancing **performance, accessibility, and delightful interactions** to deliver polished products. Adept at working in **remote, collaborative environments** and driving projects from ideation to production with tight feedback loops.

Professional Experience

10//2024 – Present
Lagos, Nigeria

Frontend Engineer
Ankur Global Solutions
- Led the development of scalable **React, Next.js + TypeScript** web applications with a strong focus on **UI/UX consistency and accessibility (WCAG 2.1 compliance)**.
- Designed and implemented **responsive design system components** with Storybook, improving UI reuse and speeding up development cycles.
- Improved **application performance by 15%**, reducing load times and optimizing rendering.
- Implemented extensive **automated testing with Jest, React Testing Library, and SWC**, significantly improving reliability and cutting production bugs by 30%.
- Contributed to **CI/CD pipelines**, cutting release times from hours to minutes.

10//2024 – 2025/05
Lagos, Nigeria

Frontend Developer
PressOne Africa
- Co-developed the **Conversations feature**, enabling **real-time customer communication** within the app.
- Designed and implemented a **BVN verification modal**, ensuring **secure financial onboarding** for users.
- Enhanced app **functionality and UX by 10%** through feature improvements and bug resolution.
- Collaborated in **code reviews and architecture discussions**, ensuring scalable and maintainable frontend solutions.
- Gained advanced skills in **Vue.js, state management, and testing**.

2023/08 – 2024/04
Remote

Frontend Developer (Team Lead, Admin Team)
Kiasup Technology
- Led the **Frontend Admin team** from ideation to production, streamlining admin processes by **20%**.
- Integrated **secure payment gateways**, enabling reliable financial transactions.
- Built **scalable frontend modules**, collaborating closely with backend and design teams.

Education

2021/01 – 2024/07
Illishan-Remo, Nigeria

BSc. Software Engineering
Babcock University
CGPA: 4.58 **Relevant Course Work:** Data Structures and Algorithms, Artificial Intelligence, Cloud Computing, Web Technologies, Software Architecture, Software Quality Assurance and Testing

Skills

Technical Skills: React, NextJs, Vuejs, Typescript, HTML, CSS, JavaScript, Git, TailwindCSS, Jest, AWS, mySQL, Zustand, Redux, Pinia, Storybook

Soft Skills: Time management, Excellent Communication, Creative Problem-Solving

Volunteering
